

Yellow Edge is a local, privately owned Canberra-based company dedicated to helping individuals, teams and organisations reach greater levels of performance and wellbeing. Founded in 2002 on a clear set of values and an approach that is client centred and bespoke to their needs.

FOR INDIVIDUALS

Executive & Professional Coaching

Executive and professional coaching is a personal advancement service tailored to your goals and development needs. You'll work one-on-one with coaches based in Canberra, Sydney, Regional NSW, Brisbane and Melbourne, or via phone and video conferencing. We're among Australia's largest providers of executive coaching to the private, not-for-profit and public sectors.

Individuals commonly seek our assistance with:

- Career development
- Building leadership capability
- Self-awareness and improvement
- Developing effective communication
- Building confidence
- Finding balance and wellbeing
- Managing staff
- Managing underperformance
- Strategic thinking
- Coaching skills
- AI coaching

FOR TEAMS

Leadership & Capability Programs

As one of Australia's leading providers of leadership and capability programs to the public sector, we pride ourselves on our point of difference: we don't deliver "off the shelf" programs. Instead we partner with you to create or customise a bespoke learning solution that addresses the needs your people have in the moment.

Some of our specialty subjects are:

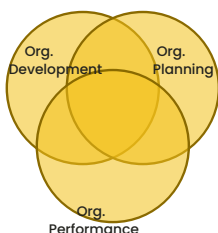

- Leadership
- Management
- Adaptability
- Resilience and wellbeing
- Emotional intelligence

- Global leadership
- Customer service skills
- Task and time management
- Project management
- Career development (apps & interviews)
- AI-based application of learning

FOR ORGANISATIONS

Human Potential Consulting Services

We look at how human potential can be harnessed to address organisational challenges and opportunities — and unlocked when those challenges are looked at differently, with fresh eyes and the lived experience of the people most impacted. We work with you to implement and improve.

How this looks in practice includes:

- Structure and business process reviews
- Lessons learned reviews
- Strategic planning
- Capability mapping
- Workforce and talent planning
- Leadership development
- Workforce productivity design
- People framework development
- Stakeholder and citizen engagement
